

Anglican Diocese of Adelaide

Education & Formation Ministry Unit

Refresh...

A ministry program for clergy
to bless, enrich, support and refresh you
in your life of service

Anglican Diocese of Adelaide

Refresh - an initiative of the Education and Formation Ministry Unit

About Refresh

Refresh aims to be responsive to and guided by the clergy.

The program aims to assist clergy connect with support and mentoring to build skills in areas they define. These include new worship styles, information technology, financial reporting, strategic planning and conflict management.

A number of people around the Diocese (both lay and clergy) have offered **their knowledge and experience to mentor clergy** around a range of areas. There is no reporting – the professional development undertaken is entirely up to the clergy to define.

If you wish to participate in the Refresh program, please contact either Katrina Loveday on 8242 5432 or Jayne Taylor 8358 4403, jaytay18@iprimusa.com.au

The Education and Formation Ministry Unit has been gathering for prayer and reflection about how we can best serve and build the men and women God has called to be clergy here in our Adelaide Diocese.

We recognised that the role of the clergy is one of nurturing and giving to others continually and after discussions with a number of clergy realized the need to make provision for the clergy themselves to be refreshed, replenished and renewed by God.

The Refresh mentors are enthusiastic and committed to supporting the clergy by offering their expertise and knowledge.
